

AMENDMENTS TO THE SPECIFICATION

On new page 11 (previously page 10a), please amend the third complete paragraph (lines 18-21) as follows:

The present invention also contemplates peptides, polypeptides or proteins having an amino acid sequence substantially as set forth in one of SEQ ID NO:7-8 or 10 or 11 or 13-14 or 16-20 or 22-27 or having at least 40% similarity thereof or to all or part thereof. Preferred percentage similarities include at least about 50%, or at least about 60% or at least about 70-90%.
